

Introduction to Intel® Distribution of **OpenVINO™** toolkit for Computer Vision Applications

100: Beginner-level
Lesson 09

Introduction to Intel® Distribution of **OpenVINO™** toolkit for Computer Vision Application

OpenVINO 100 – Course agenda

Lesson 1: Introduction, why do we need Artificial Intelligence (AI).

Lesson 2: What is Video, what is computer vision, how do we accelerate it on modern computers.

Lesson 3: How to accelerate Video processing

Lesson 4: How to accelerate Neural Network for vision applications

Lesson 5: Video Analytics pipeline

Lesson 6: Demos, OpenVINO at work

Lesson 7: The full flow, from Data to a product using Intel tools-Part 1.

Lesson 8: The full flow, from Data to a product using Intel tools-Part 2.

Lesson 9: Summary, intro to next course (200)

Visual analytics Opportunities

500 000 000

people watch Facebook videos
every day.

1/3

of the time
people spend online is devoted
to watching videos.

74%

of all internet
traffic is video

2017

2019

80%
of all internet traffic
will come from video

13%

of all internet traffic
will consist of live video

2021

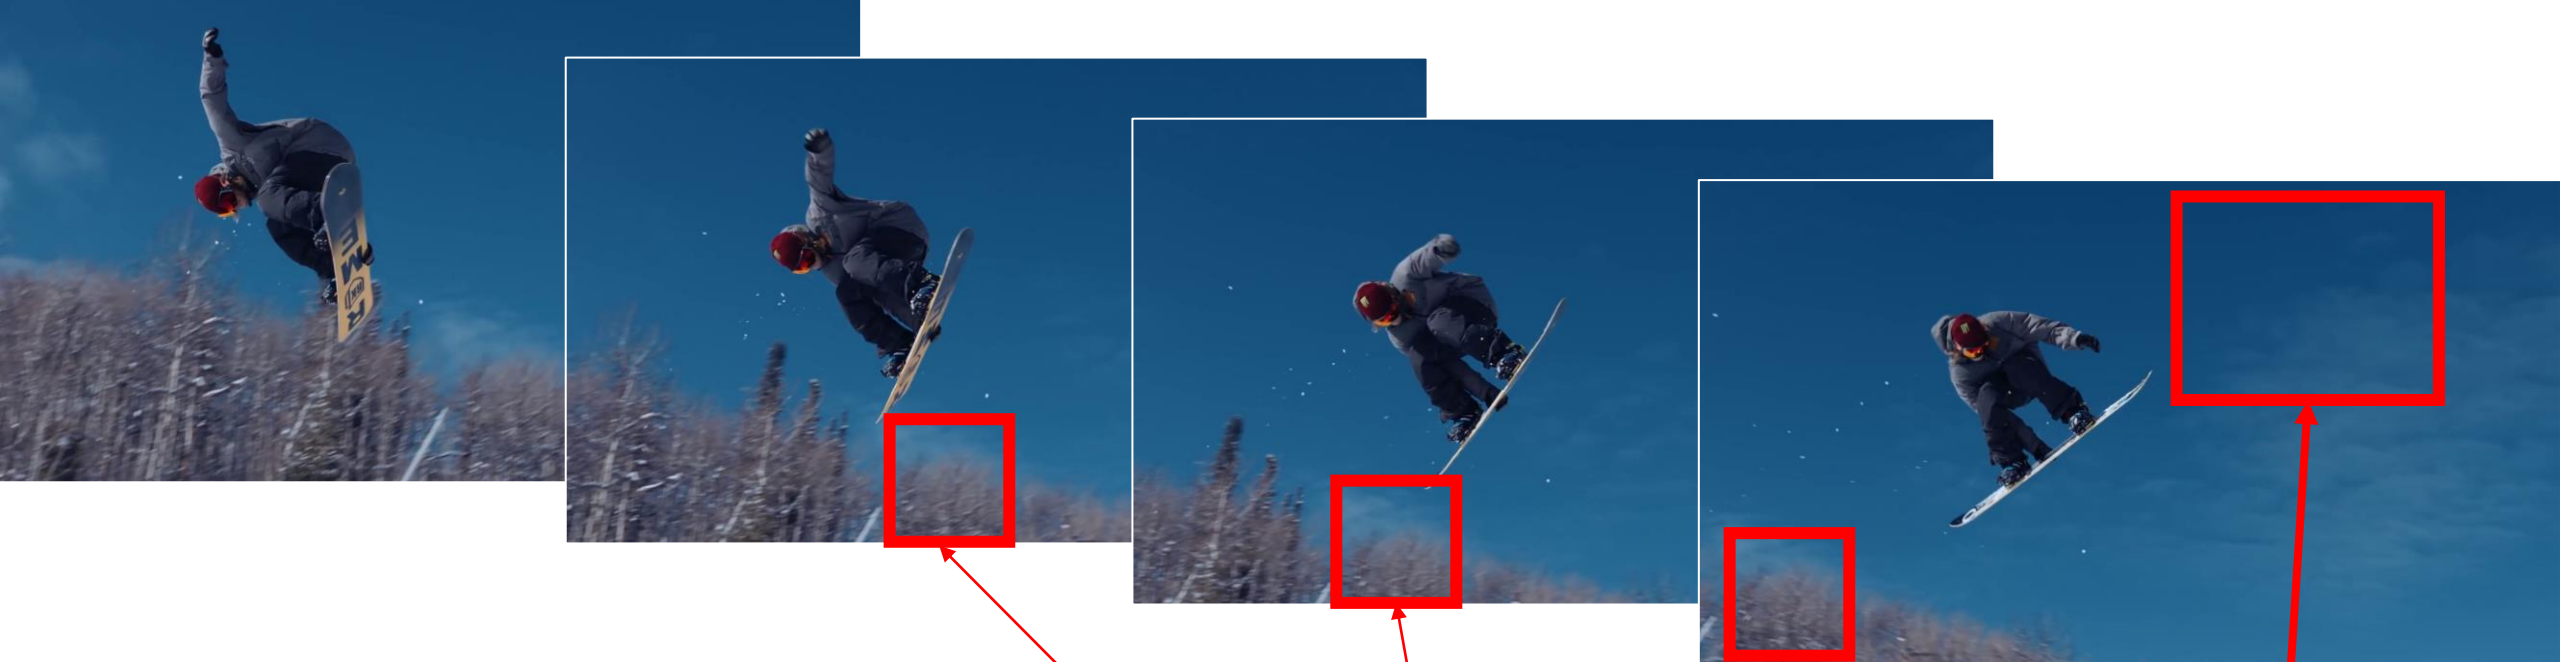

Pixels → Images → Video
